

# ALCATEL-LUCENT 8115 AUDIOFFICE

# ALCATEL-LUCENT 8125 AUDIOFFICE

The Alcatel-Lucent 8115 Audiooffice and the Alcatel-Lucent 8125 Audiooffice are next-generation conference modules that add premium quality sound and easy-to-use audio conferencing capabilities to Alcatel-Lucent DeskPhones and SoftPhones.

Audiooffice is a versatile smart object with a simple, uncluttered design and outstanding audio performance that can enhance any conferencing situation. With six broadband speakers, four digital microphones, a passive radiator for bass boost and immersive spatial sound, Audiooffice will foster more dynamic, nuanced and productive conversations between Alcatel-Lucent end-points for business communications.

The Alcatel-Lucent 8115 Audiooffice features a 3.5 mm input/output jack to connect to Alcatel-Lucent DeskPhones, and a USB port to connect to Personal Computers.

The Alcatel-Lucent 8125 Audiooffice features a 3.5 mm input/output jack to connect to Alcatel-Lucent DeskPhones, a USB port to connect to Personal Computers, Bluetooth connectivity for Bluetooth enabled Deskphone, smartphone and tablet and a universal docking solution for smartphones and tablets.

## FEATURES

- Plug-and-play audio conferencing
  - Easy to connect - plugs into the Alcatel-Lucent DeskPhone headset's 3.5 mm jack
  - The Alcatel-Lucent 8125 Audiooffice wirelessly connects with Bluetooth-enabled Alcatel-Lucent DeskPhones and smartphones
  - USB connection to Personal Computers
  - The Alcatel-Lucent 8125 Audiooffice connects to smartphones and tablets with a Universal Dock Adapter/Charger
- Easy to use
  - Uses existing phone lines
  - Easy switch between hands-free mode on Alcatel-Lucent DeskPhones and the Alcatel-Lucent 8115 or 8125 Audiooffice devices
- Ultimate office sound system, with invoxia® In Vivo Acoustic™ technology:
  - 6 broadband speakers
  - 4 digital microphones
  - 1 passive radiator for bass boost
  - Immersive spatial sound

- Modern design - Alcatel-Lucent DeskPhones industrial design
- Optional USB handset for smartphones enables clear-sounding individual calls, protecting users from mobile phone radiation, while providing listening comfort. Users can also switch from handset to hands-free mode for conference calls

## BENEFITS

- Transforms the conferencing experience
- Increases collaboration and enables creative exchanges with remote parties
- Enables spontaneous group brainstorming and problem-solving sessions
- Reduces travel and administration time and costs
- Uses and enhances the installed base of Alcatel-Lucent DeskPhones, mobile software clients and Personal Computer softphones
- Enables high-quality audio conferencing without additional phone lines

## TECHNICAL SPECIFICATIONS
